

My name is Alicia Freeley and I am the elected Staff Governor at St Anne's. I have been Staff Governor since March 2013. I currently sit on the Curriculum and Standards and Finance and Personnel boards. I find that I can inform Governors about the most recent happenings and progress within school. I also speak to the Governing Body on behalf of the teaching and support staff.

I am a practising Roman Catholic and am committed to the spiritual, moral, social and cultural development of each individual child here at St Anne's. I currently teach Year 6 and I am the acting Deputy Head at St Anne's and I really do feel very fortunate to have a job I love so much! I regularly feedback to Governors about changes and developments in assessment and curriculum. We also provide the most recent data for Governors to analyse.
