Re: Photographs in school

Dear Parents,

Sometimes it is necessary to take photographs in school. These are usually to record some of the activities your child will take part in, enhance the learning environment or to celebrate achievements within school. You will receive these photographs as part of your child's record of Achievement at the end of the year.

It may also be necessary to photograph children on special occasions and these photographs may be used for publication outside school. In order that we may photograph your child we must first seek your permission. You are within your rights to refuse permission. Please could I ask that you complete the attached pro-forma accordingly.
