

**I am delighted to be a parent governor here at St Anne's. I have one daughter at the school and an older daughter at St Thomas More RC I have been a Paediatric Nurse for over 20 years, currently undertaking a dual role as a Children's Community Sister and a Children's Epilepsy Nurse. In addition and throughout my career I have been part of a team responsible for the writing of guidelines and policies, mentoring and staff training. I am the Training Link Governor and also part of the Curriculum Committee.**

**I am extremely passionate about children's education and believe that all children are entitled to receive a good, solid education that gives them the tools to then go on to achieve their full potential.**

**In my spare time when I'm not working or managing family life I enjoy nothing better than a nice coffee, cake, catching up with friends and going to the gym.**
