

My name is Helen Abela and I have been a governor at St Anne's for around 9 years (first as an LEA governor and now as a foundation governor). As a foundation governor, I am appointed by the Diocese. I am chair of the Curriculum and Standards Committee. Both my children attended the school, so my relationship with the school has been a long one!

I teach at a primary school in Droylsden and feel that this role helps me understand the workings of a school and appreciate the hard work that the whole staff do. It also allows me to magpie ideas and share good practise across both schools.

I enjoy reading, swimming, baking and being with my family and friends.
