

My name is Louise Bowcock and I am the elected Staff Governor at St. Anne's. I was elected Staff Governor in May 2017. I currently sit on the Curriculum and Standards and Finance and Personnel boards. I inform Governors about the children's learning, progress and development as well as updating them with recent events and changes that happen in relation to the school curriculum. Additionally I speak to the Governing Body on behalf of the teaching and support staff. I currently teach Year 3 and I am passionate about delivering the curriculum in a creative and innovative way. I feel privileged to have been a pupil and a teacher in St. Anne's and I am dedicated to supporting and motivating our children to be the best that they can be.
