

PARKING PARKING PARKING PARKING PARKING PARKING

A reminder that everyone should be parking respectfully around school. I have already had complaints from neighbours, other parents and the MP. Could I also remind parents that entering the car park is strictly not allowed. The gates are usually closed but are being opened prior to school to accommodate a child for the next couple of weeks. Some cars have been using the car park as a turning circle and are endangering children who are walking and/or playing in this area. I would welcome your full support in this matter.
