Pupil Premium Report

At St Anne's all governors and staff accept responsibility for all children and are committed to meeting their pastoral, social and academic needs within all aspects of our school life. We have a further responsibility to those children defined as 'socially disadvantaged' to ensure their needs are met.

St Anne's is committed to 'Narrowing' and "Closing the Gap' between vulnerable children and others that attend our school. The pupil premium Grant, received from the Government, forms a vital part of that process.

The governors reserve the right to allocate the Pupil Premium funding to support any children or groups of children the school has legitimately identified as being socially disadvantaged.

Provision at St Anne's will be made in the following ways:

- to facilitate children's access to all aspects of education including the curriculum
- to support, intervene and provide intervention programmes within the school for all aspects of education.

Reporting Pupil Premium to Parents

It is the responsibility of the governors to inform parents of the expenditure of the Pupil Premium Grant. St Anne's RC Primary School will publish details of a report online annually.

This report aims to detail

- information on how the Pupil Premium Grant has been used within school
- attainment and progress of pupils who are covered by the premium and
- the intervention made possible by the additional funding
- the progress made towards narrowing and closing the gap based on assessment data and academic progress.

A report on these areas is considered by The Curriculum and Standards Committee of St Anne's Governing Body each term. This information is informed by teachers' formative and summative assessment and planning for future learning.

This is the case for all groups of children.
