Code of Conduct for Parents in school.

Could I firstly thank the vast majority of our parents for their excellent support in and around school at all times. As visitors to the school and for the safety and security of everyone we ask that parents

- enter the school via the main office
- follow the procedures for visitors
- park with respect to our neighbours
- support the school's right to organise the children on site
- behave in calm, sensible and helpful manner at all times
- always ask to speak to the headteacher if a concern arises and never contact another parent with your concerns.
- never confront another child or parent on the school premises
- never touch another child or parent
- never use abusive or threatening language/behaviour towards a member of staff

I would also like to remind all our parents that any issues with their children **must, in all circumstances** be dealt with through myself and never involve themselves in a confrontation with other adults or children.

Failure to observe the school policy will result in

- a formal warning
- removal and banned from the site.

The Police will be contacted and asked to deal with any person who does not abide by this Code of Conduct.

Thank you in anticipation of your continued support.
